

Biography

Yanina Hallak Fiorenza

Chief Executive Officer (CEO)
UARX Space, S.L.

Yanina is the CEO and Co-Founder at UARX Space. She is an experienced Structural and Thermal Aerospace Engineer with a demonstrated trajectory working in aerospace, aviation, and automotive industries, among others.

She holds a Master of Science in Aerospace Engineering from California Polytechnic State University and a Master's degree in Aeronautical Engineer from Universidad Tecnológica Nacional. She holds a certificate from International Space University after performing the Space Studies Program in 2018 focused on Space Management and Business.

Yanina is a STE(A)M advocate and a volunteer at Inspiring Girls Spain. She is a natural leader with high soft skills: empathy, creativity, and excellent interpersonal communication.
